

ERIN VINSON

VP AND GENERAL MANAGER OF EMERGE INFINITE STAFFING

Erin Vinson is Vice President and General Manager of Emerge Infinite Staffing, a division of Emerge Talent Solutions, which she has led since joining in 2021. With more than two decades in the staffing industry, Erin launched and scaled Emerge Infinite Staffing from the ground up—expanding into three locations, achieving multi-million-dollar revenues in under three years, and building a reputation for delivering the boutique service of a small agency with the reach of a global provider.

Prior to joining Emerge, Erin spent over 10 years at Balance Staffing Company in progressive leadership roles, including Vice President & General Manager, Regional Director, and Area Onsite Director. She began her staffing career at Employbridge, where she managed large-scale workforce operations, training programs, and compliance initiatives.

Erin's leadership is defined by empathy, integrity, and a hands-on approach. She believes in developing people, not just positions—often telling her team, “If you're committed, I will teach you.” Known for turning vision into executable plans, she has a proven ability to create processes that drive efficiency, foster collaboration, and deliver results.

Based in Miami, Florida, Erin is passionate about aligning the goals of her clients, her team, and the business to create shared success. She leads with the belief that when people feel valued, supported, and inspired, they can achieve extraordinary results together.
